

Informs its clients, investor partners, suppliers, its personnel and  
the general public the amount of its  
**investments in Mexico for the year 2015**

The companies belonging to Grupo Carso wish to inform the amount of their investment plans to generate economic activity and employment in Mexico in the telecommunications, infrastructure, industrial, real estate, retail, construction and mining sectors:

**\$ 54'700,000,000.00 pesos**

(Fifty four thousand seven hundred million Mexican pesos)

This amount will be increased with the needed investments for additional unplanned infrastructure, energy and real estate projects.

Since its creation Grupo Carso has been working under strict codes of efficiency, competition, investment and compromise in all sectors and markets where it intervenes. These are fundamental elements of our responsibilities and values.

The Foundations pertaining to the Group will continue their social and charitable activities, with no financial limits, supporting programs in the health, nutrition, education, research, environmental, cultural, sports and social justice sectors, to train and develop human capital.

We thank the preference of our clients, the trust of our investor partners and the responsible and committed work of our personnel.

December 2014.
